

Dear future Franklin student

As we come to the end of our first week of closure I wanted to get in touch with you and check on your progress. I hope this message finds you in good health and I know that many young people are volunteering to help in their local communities too which is great.

You may now have had an interview discussion about your intended study programme, in some cases more recently over the phone. Your offer letter will either be with you now or will arrive shortly. If you have not yet had an interview please be reassured that we are working through these and will be in touch with you ASAP. Also, if you know someone who has not completed their application but wants to do so and needs help, please tell them to get in touch with us if they would like support with this and we will be more than happy to organise this for them.

We are working hard to develop materials that will help you get ready for your College life and will get these to you in the coming weeks. I know that many schools have set work for you to do which is great. Even though there are no GCSE exams, being prepared to move to the next levels of study is important for your whole future planning and we are keen for you to be able to do this so we are working on putting plans in place for this.

Please continue to work hard on the tasks you have been set by your school and when we start to send you preparation work for College, keep in touch so we know what you are able to complete it. We will try to make things as interesting and informative as possible, but above all, we want to ensure you are ready for your next steps in education. Please be reassured that this situation will not impact negatively on your application to Franklin for September.

I'll be in touch again soon with more details. In the meantime, keep an eye on our [social media platforms/website](#) and remember to stay safe, keep to the social distancing rules and look after yourself and your family.
