

W/C: 23/03/2020

Subject: Mathematics

Teacher: Mrs Kay

Class: 10MA1

### Instructions – Week 1

Please log on to Hegarty Maths and complete clip 113, 114 and 115. Please follow the 'Revision Homework' checklist in the front of your blue Hegarty books. This means you should be watching the video and making sensible notes especially of examples and writing down the questions and answers. Ensure that you green and purple pen your work as you go. Please include a www and ebi at the end of each task.

Feedback will be provided on Hegarty each week and pupils can request help by submitting a comment or by emailing [kayd@healing-school.email](mailto:kayd@healing-school.email) or [maddisonl@healing-school.email](mailto:maddisonl@healing-school.email)

Please also logon to Google Classroom (code – **evjwlek**) and complete the Non-Calculator exam paper uploaded in exam conditions. This should take an hour and a half and you can either print the paper or complete it in your book. The mark scheme will be uploaded by the end of the week please mark your work with your green pen and purple pen any corrections. Make a sensible list of targets you still need to work on.

Pupils should spend roughly 4 hours on maths per week if you complete this much quicker then pupils should try to improve previous Hegarty tasks by clicking 'My scores' or complete tasks on their known targets for improvement. Also available on Google Classroom are some revision resources based on our current cycle of classwork and extension packs these can be completed when necessary.

### Instructions – Week 2

Please log on to Hegarty Maths and complete clip 442, 443 and 444. Please follow the 'Revision Homework' checklist in the front of your blue Hegarty books. This means you should be watching the video and making sensible notes especially of examples and writing down the questions and answers. Ensure that you green and purple pen your work as you go. Please include a www and ebi at the end of each task.
