## Year 11 German Work

1. You have Activ Learn activities assigned to you already, which revise Theme 1. There are many tasks that practise reading, listening as well as learning and testing of vocabulary. Go to [www.pearsonactivlearn.com](http://www.pearsonactivlearn.com) and use your school login details. You can check your progress as you complete the activities.
2. Next, you can complete the following listening and reading past exam questions on Exampro. Follow the links. There are mark schemes as well, so you can see how you did.

LISTENING AND READING - <https://silyjos.exampro.net/>

3. You can go onto Seneca, type in AQA GCSE German and practise vocabulary exercises on Theme 1.
4. With regards to written activities, I would like you to complete a 40 and 90 word task OR a 90 word and 150 word task (tier dependent) and a translation or photocard from the choice I give you. Please complete on a separate document, and email to me for feedback.

**On Google Classroom please find the Writing revision booklet.**

- **Foundation Photocard to complete either P6, 7 or 8**
- **Foundation 40 word task on P17. Choose any one of them.**
- **Foundation/Higher 90 word task – Choose any on P26-28**
- **Higher 150 word task – P33/34**
- **Foundation Translation – P21/22**
- **Higher Translation – P38/39**

5. If you would like to practise Theme 2 or Theme 3 questions as well, I will also mark these. Theme 1 is our main focus in class at the moment, but if you feel more confident with this Theme, you could spend time on other topics.
6. There are plenty of past papers and questions with links on Google Classroom. There are also mark schemes, so you can get instant feedback
7. As you are already, continue practising your General Conversation questions. Ensure they are written on cue cards, and you are developing strategies to learn these. For example, mind maps, typing in your answers onto CRAM and using online flashcards as well as breaking your questions down into manageable chunks to learn. Feel free to complete any role play or photo card preparation too. There is a specific revision booklet for this on Google Classroom.

8. [www.languagesonline.org.uk](http://www.languagesonline.org.uk) is a great website for just revising grammar. If you feel you would like to revise different tenses, you could create mind maps or verb tables to help you.
