Copyright

This establishment holds a licence with the Copyright Licensing Agency Ltd (CLA) that, subject to terms and conditions, permits the copying and re-use of extracts of text and still images. The licence covers most printed books, journals and magazines published in the UK, plus many published overseas and many digital procedures. However some titles are not covered so guidelines must be followed by checking permissions on the CLA website for education <http://schools.cla.co.uk>

Guides can be found beside each photocopier. Before copying please check the guidelines and website to make sure the work has not been excluded.

Staff are encouraged to read the factsheets produced by the UK Copyright Service that can be found at:

https://www.copyrightservice.co.uk/services/info_pack

There are also some new rules for Exceptions to Copyright for Teachers and Education. Staff are encouraged to read these new rules; they can be found at:

<https://www.gov.uk/exceptions-to-copyright>

Failure to follow copyright requirements could mean a termination of the Licence.
