

June 2020

Dear Parent/Carer

Healing School are dedicated in maintaining the usual smooth transition process for Year 6 pupils, and therefore have organised the following additional resources for your child. Please access these resources as you see fit and do not hesitate to contact the school if you have further questions.

As pupils are unable to visit the school on a 'normal' working day, an informative video has been put together including input from current Year 7 pupils. This will be available to view on our website and also on the school's Facebook page: @healing-science-academy, at a later date. There is also a 'Getting to Know You' tutor questionnaire for your child to complete and return should they wish, this will then be forwarded to their tutor. The questionnaire can be found under the specialised and new 'Year 6 transition' section under the 'For Parents' tab (<https://www.healing-school.co.uk/transition/>).

Furthermore, each faculty has provided key details about their subject area and what pupils should expect to study in September with some subject taster resources. Please note it is not compulsory for your child to complete these worksheets, however they may find the content interesting and enjoy an insight to life at Healing School. This can also be found under the Year 6 transition tab of the school's website.

Finally, a transition PowerPoint has been added to the Year 6 transition tab, this has some activities you may wish to conduct with your child to help aid their transition to Healing school, there are some useful hints and tips in the notes section as well as some clips to watch.

I hope that the additional transition material is of some use to your family in the coming weeks. Should you have any further questions which you feel have not been covered in this pack, please do not hesitate to contact the Key Stage 3 pastoral team using their direct email address: transition@healing-school.co.uk.

Yours sincerely

Mrs S Horner
Assistant Principal
